

## Corporate Social Responsibility Initiatives

### Financial Year 2023-2024

At BTSL, we believe that a healthy population forms the backbone of a productive society and a thriving economy. Inspired by the timeless adage, “**Health is Wealth**,” our initiatives are focused on making basic yet quality healthcare accessible to underserved communities, particularly in remote and rural areas.

In alignment with this vision, and based on the approval of the Board of Directors, the company undertook the following CSR projects during the financial year 2023–24:

#### Support to the District Health and Family Welfare Office – Kolar

BTSL distributed essential medical instruments and laboratory equipment to Primary Health Centres (PHCs) in Kolar district. This initiative, carried out in coordination with the District Health and Family Welfare Office and approved by the Government of Karnataka, aimed to strengthen the healthcare infrastructure and enhance diagnostic capabilities at the grassroots level.

#### 2. Contribution to PM CARES Fund

As part of its commitment to national welfare and emergency response initiatives, the Company contributed funds to the **Prime Minister’s Citizen Assistance and Relief in Emergency Situations (PM CARES) Fund** during the financial year 2023–24. This contribution reflects BTSL’s support for government-led efforts to address public health emergencies and other humanitarian needs.
